

## *Pilates Instructor Certification*

According to the department of Labor, "Jobs for fitness workers are expected to increase much faster than the average for all occupations." In fact, the Occupational Outlook Handbook 2008-09 Edition notes, **"Employment of fitness workers is expected to increase 27 percent over the 2006-2016 decade, much faster than the average for all occupations."**

**The economy may be failing, but the fitness industry is booming.** Get started now, training to become one of the industry's most sought-after fitness professionals. Pilates Associates (PA) offers potential teachers an opportunity to participate in comprehensive training programs that cater to the schedules of working individuals. Pilates Associates offers Comprehensive Pilates Teacher Training as well as continuing education workshops for current teachers. (CEC Credits: PMA, AFAA, NSCA, ACE).

Our mission is to provide prospective teachers with the skill, knowledge, and experience necessary to perform with expertise in the field of public Pilates education. The PATTI method integrates modern knowledge of kinesiology and physical therapy practices with Pilates' classical repertoire. While maintaining classical exercise order, we have added optional interstitial exercises to allow for a more progressive approach to the work.

Pilates Associates coursework prepares students to confidently sit for the PMA Pilates Certification Exam. **It is a training course developed specifically for those who are serious about a career in Pilates instruction or enhancing their current healthcare or fitness practice, and want to be certified by a nationally accredited organization.** In addition to meeting all of the standard requirements of a superior Pilates training course, a focus on pedagogy, including verbal and tactile cueing, group progression, and multi-level instruction, is covered in-depth.

### **Instruction Includes**

- Anatomy/Kinesiology & Posture Review.
- Postural and basic gait analysis.
- The names and correct execution of the exercises.
- The names of the apparatus and all of the various parts.
- The appropriate sequencing of the exercises, repetitions, and the use of resistance, spotting.
- The appropriate set-up of the apparatus for each exercise.
- Comprehensive teaching skills workshop.
- The objectives of each exercise.
- How to design a client specific program.
- How to effectively modify, break down, and/or adapt for special populations.
- Ethics
- Cueing technique

## **Mat/Mat & Reformer Certificate of Assessment Option**

**MAT (MAA)/Mat & Reformer (MRA)** – For individuals only interested in Mat or Mat & Reformer Certification, we offer modular training and Completion Diplomas. Pilates Associates will administer exams and award passing scores with an Assessment Based Certificate, or Diploma; however it is important to note, there is not currently a professional certifying body for Modular Pilates Instructors. Though a PA Diploma stands firmly in the industry as a thorough training in the field, the PMA does not currently recognize partial training when considering candidates for its national certification exam.

### **Required Coursework for Mat Only – 71 hrs Total**

(does not include homework and case studies)

- 25hrs **PRE** = **\$650** Pre-training (30 hrs private & group instruction OR equivalent experience)

## **SUGGESTED PREREQUISITS:**

PATTI upholds high standards for all of its certified instructors. Though the following prerequisites are not required, they are highly recommended. If you do not meet these suggested prerequisites, plan extra time to study anatomy, and additional hours of practical teaching before taking the written and practical exams.

- College level anatomy
- Personal Training/Group Fitness certification **or** 2 years of fitness instruction experience **or** healthcare degree/certification
- Pilates experience

## **PRE-TRAINING (PRE)**

There is much to learn and perfect in the realm of Pilates. To start an intensive teacher training course with no background is not advisable. We want you to be successful, and for this reason a minimum prerequisite of personal experience with the work is required. In order to serve those who have developed an immediate passion for the work, we have developed a pre-training series. The series consists of 10 private training session, 8 group mat classes and 7 group reformer classes for only \$650 (\$26/session). The series is available only one time and only to individuals registered in one of our teacher training programs.

## **PILATES CERTIFICATION REQUIREMENTS:**

Upon successful completion of coursework, participants have 6 months to log additional practical experience, observation and personal review as previously noted. Once these requisites have been met, written and practical Certification Assessment Exams may be scheduled directly with PA staff on an individual basis. A passing score of 80% or higher is necessary for issuance of a Pilates Associates Certificate of Assessment. The PMA requires this compulsory documentation as proof of education before sitting for the National Pilates Certification Exam.

## **CECs:**

Pilates Associates requires Continuing Education Credits (CECs) in accordance with PMA guidelines: "The Pilates Method Alliance requires all PMA Certified Pilates teachers to maintain 16 hours of PMA approved CEC's every two years." Pilates Associates offers approved CEC courses however a complete list of providers can be found on the PMA website: [www.pilatesmethoalliance.org](http://www.pilatesmethoalliance.org)

Tel: 607.330.0957 Email: [info@nypilates.info](mailto:info@nypilates.info)

**EXAMS:**

Testing consists of a written exam and practical presentation. Two hours are allowed for completion of the 100-question written exam and 1hr for the practical portion. A combined score of 80% is required for certification. In the event a passing score is not achieved, a re-test may be scheduled as soon as 4 weeks, but not more than 4 months, after the initial exam.

**EXAM FEES**

\$125 – Single Module (i.e. Reformer written and practical)

\$250 – Two or More Module (i.e. Mat, Chair & Adv. Reformer written & practical)
